PROFESSIONAL SERVICE TEAM

“Seal-Rite’s Service Dept. is leaps and bounds ahead of the rest of the companies I deal with. Thanks for your efforts.”

“The service tech called and arranged a time to fit my schedule, arrived promptly, and did a great job of replacing the [glass] in our new door. He went out of his way to have the interior pieces painted the same color as the parts he replaced. He didn’t have to do that, but wanted to be sure that he made things right for me. It was greatly appreciated.”

- Linda Scott, Granville Lumber

“Just wanted to let you know that the tech who came out to fix the door did a great job and really helped our millwork guy to ensure the door was good. [We] appreciate all the help.”

- Michelle, Home Depot

“Scott and everyone is great to work with. I have to say, Josh was very diligent in keeping in touch regarding a service matter, which was greatly appreciated.”

- Korie, LumberTown
